SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECH SKILLS

- HTML
- Python
- C
- Web Development
- Java
- AWS
- SQL, MySQL
- JavaScript

LANGUAGES

- English
- Telugu

PROFILE

A Computer Science graduate, highly motivated and detail-oriented, looking for an entry-level role in a forward-thinking company. I'm eager to use my programming skills and problem-solving abilities to create innovative software solutions. I'm also committed to continuous learning and professional growth in the tech industry.

EDUCATION

Bachelor of Computer Science

2021 - 2025

Koneru Lakshmaiah University (KLU)

Intermediate (MPC)

2019 - 2021

Narayana Junior College

PROJECTS

Student Result or Grade Management System

Developed a Student Result or Grade Management System, with a front-end built using HTML, CSS and JavaScript for an intuitive user experience and interface. The back-end was implemented using PHP and MySQL to manage and store student data with security. The project was deployed on XAMPP server to simulate a local development environment, providing an efficient platform for student performance tracking.

Technologies Used: Java, JDBC, MySQL, Eclipse, MVC Architecture

Cryptocurrency Price Prediction Using Machine Learning

This project uses models like Random Forest and Gradient Boosting to predict cryptocurrency (Bitcoin) prices by compiling and preparing data with price history, transaction volume, market cap, social media sentiment and technical indicators. The developed model is integrated with Flask allowing price predictions to be made via webpage.

Technologies Used: Python, Pandas, Numpy, VS Code, Google Colab

INTERNSHIP & CERTIFICATIONS

Completed 2 months Internship Using CISCO AICTE Virtual Internship program in cybersecurity.

Juniper Networks Certified Associate Junos

AWS Cloud Practitioner

Oracle Cloud Infrastructure Certified Architect Associate

Google Certified Associate Cloud Engineer

Automation Anywhere Certified Essentials RPA Professional
